

Summer all year round

We realized a long time ago that summer is just too good to be limited to the months of June, July and August. With our genuine rattan furniture and a conservatory, you can in fact enjoy that special summer feeling all year round. The manufacturing process of rattan furniture is built on pure craftsmanship. The long rattan willows are woven around a frame of thicker rattan, resulting in a vibrant and natural furniture that brings about a warm, cozy feel to your veranda or living room. One of the news

this year is the open weaving. It gives a light and airy impression and fits almost anywhere. Though, furniture made of natural rattan should be kept away from rain and moisture. For this reason they are better placed on a conservatory. If you feel like decorating your room with furniture of different materials, it can be a good idea to combine groups in rattan with some of our teak tables – just let your creativity loose!

Bonete
