

Sedona is delivered with an allweather cushion that can be left outside during all kinds of weather. We recommend that the cushions are left in a upright position. Then they will dry faster.

## Sedona

Do you want to leave your cushions outdoors regardless of the weather? Maybe you are lacking space for storing or you just don't have the time to care about the furniture in your garden? The all weather cushion can be outside all the time! If there is a lot of rain just lift the cushions upright. When it has stopped raining shake the cushion gently, then just sit down again! Synthetic wicker on an aluminium frame. If you do not choose to use the footstool as a coffee table Leone and Ninja coffee tables in the same grey synthetic wicker works very well.
